JESUS WAS NOT A JEW

by Rev. Oren F. Potito

Do the above headlines shock you? We certainly hope they do...for it is about time that the Christian people awaken to the fact that they have been brain washed by the Jews with the "big lie technique" to the falsehood that Jesus was a Jew. We ask you now to set aside all prejudice in the matter and as God states in the Bible, "Come let us reason together." There are two ways that a person can be a Jew - Racially or Religiously. Let us now see whether Jesus fits either of these categories. Ninety-nine percent of the people that we know as Jews today are mongrels; that is, they are a product of the amalgamation of many races. The majority of the Jews are Asiatics of Mongolian stock. They are the descendants of Cain. No racial Jew is an Israelite. That's right...we repeat, NO RACIAL JEW IS AN ISRAELITE. To be an Israelite, one must be free of mongrelization. An Israelite is of pure racial stock. The Bible itself identifies the Jews as the seed of Cain thereby identifying Satan as their father.

Jesus said to the Jews, in the 23rd chapter of Matthew, verses 33-35, "You serpents, you generation of vipers, how can you escape the damnation of hell? wherefore behold I send you a prophet, wise men and scribes and some of them you shall scourge in your synagogues and persecute them from city to city that upon you may come all the righteous blood that has ever been shed upon the earth from the blood of righteous Abel" (note that carefully). Here Jesus is saying to the Jews that they are guilty of the murder of Abel. Jesus could not have said this unless the Jews were the descendants of Cain. Jesus goes on to say, "Unto the blood of Zacharias, son of Barachias who you slew between the temple and the altar." It's very plain...and it's in your Bible.

Jesus said to the Jews "you are guilty of the death of righteous Abel because your father Cain murdered him." It is also

well for you to note here that Jesus further blames these righteous people from the beginning of time right down to this day. This is not a statement of man but of our saviour, the Lord JESUS CHRIST who never lied and spoke only the truth. Every word contained in

being God's Chosen People, they are SATAN'S CHILDREN! Let us turn for proof of this, to the eighth chapter of John the 42nd verse. The Jews have just said to Jesus, we are God's Chosen People, God is our Father. Jesus did not answer the Jews the way ninety-nine percent of our preachers do

my speech? ... it is because you cannot hear My Words" (Read carefully the 44th verse) Jesus said to the Jews, "You are of your father the devil and the lusts of your father you will do. He was a murderer from the beginning and abode not in the truth because there is no truth in him. When he speaks a lie,

Jesus Christ instructed all of His followers to do. To be a true Christian is more than refraining from smoking or drinking. Yes, it entails far more than that. One of the worst crimes that a minister of God can commit is to omit certain sections and statements contained in the Bible, the words of Jesus Christ, to satisfy the Jews and escape persecution.

Anyone who would say after they have learned these facts that Jesus Christ was a Jew racially is guilty of nothing less than blasphemy. In order to be a Jew religiously, one must embrace Judaism, which requires the observance of the Babylonian Talmud, or what was known in Jesus's time as the tradition of the elders. Talmudic Judaism is the religion practiced by the modern Jews and is entirely different from the religion we find in the Old Testament.

For further proof, let us turn to the 15th Chapter of Matthew verses 1-9, which states "Then came to Jesus scribes and Pharisees which were of Jerusalem saying, why do your disciples transgress the tradition of the elders? They do not wash their hands before they eat bread." Now listen to what Jesus Christ says in answer to them, "Why do you also transgress the commandment of God by your tradition, [Babylonian Talmud]." This is exactly what the Jews are doing today. Teaching doctrines that are not commandments of God contained in the Holy Bible but the commandments of men through the Jewish worshippers of Satan that produced the Babylonian Talmud. Jesus Christ's entire ministry was a complete demonstration that He was not a Jew by religion. He was a pure-blooded Israelite of the tribe of Judah without any Jewish ancestry.

Let us examine some of the passages contained in the Bible that are used by false teachers to mislead the people into believing that Jesus was a Jew. (Continued on Page 10)

As you well know there is no actual picture of Christ. This is merely the conception of some artist who mistakenly believed that Christ was a Jew and made him look like one, long hair, beard and long flowing robe. Christ was without sin and obeyed all God's laws. It is impossible that he could have done otherwise. 1 Cor. 11:14 "Doth not even nature itself teach you that, if a man have long hair it is a shame unto him?" Ezek. 44:20 "Neither shall they shave their heads, nor suffer their locks to grow long, they shall poll it." (poll means to cut short) Isaiah 7:20 "In the same day shall the Lord shave with a razor...and it shall also consume the beard."

the sixty-six books of the Holy Bible is the infallible word of Almighty God. Are the JEWS then GOD'S CHOSEN PEOPLE? as some "fogbound" ministers would have us believe? Far from it! Rather than

today. But rather, He said in the 42nd verse, "If God were your Father you would love me for I proceeded forth and came from God. Neither did I come of myself, but He sent Me. Why is it that you do not understand he speaks of his own for he is a liar and the father of it." ... Does your minister speak this way about the Jews from the pulpit? ... if he does not he is not preaching the message that

PRACTICAL ISSUES

- Data Protection
 - Material over 100 years old you are safe with, modern archives pose particular concern.
 - Some material withdrawn and not released
- Mole information – risk ongoing
- Potential embarrassment lingers after death/invalidity – being linked to far right
- Szymon Serafinowicz case – Human Rights law used to try and stop publication of information
- Copyright – active problem. We can provide permission for research use. Refusal to engage with far right though presents a barrier
- Has meant more in-depth consideration, and limitations, when working with partners like Gale in what can be used

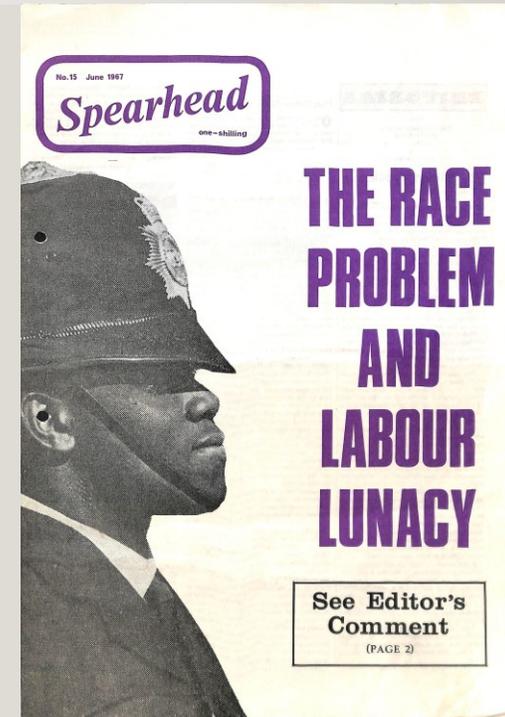

PERSONAL/ETHICAL RISKS

- Some material is hostile in nature – statutory protection unclear, rely on public interest.
- Any material related to practical terrorism secured away.
- Racist material obviously can't be done – reliant on public interest and reasonable assumptions.
- Policies in place to show we are not intending to distribute – material secured.
- Recommended procedure for researchers – password protected computers/folders, ideally offline. Lockable filing cabinet/drawer for paper.

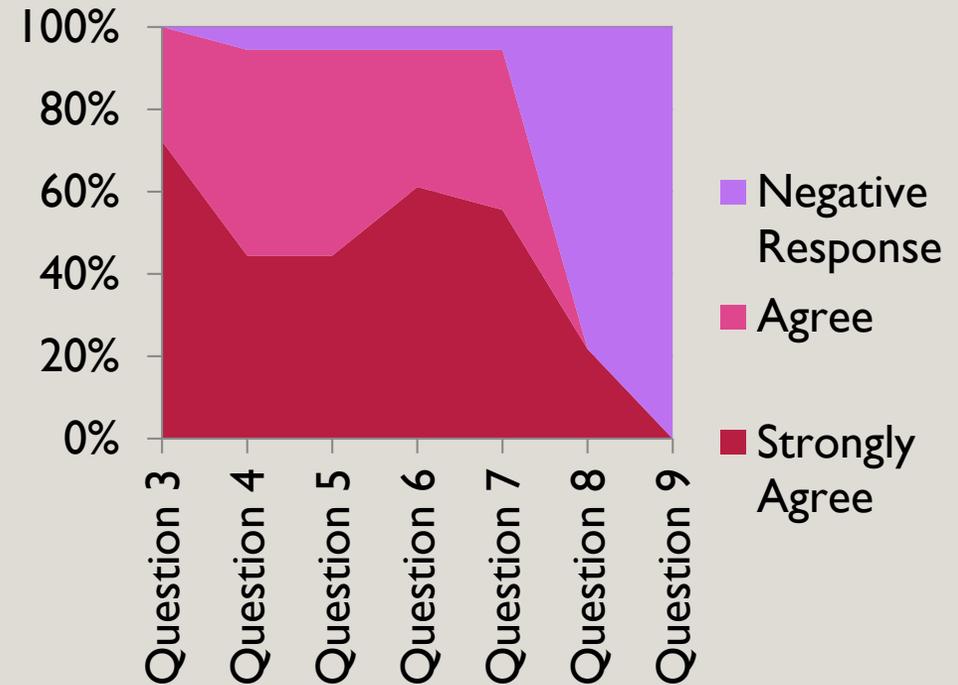

SENSITIVITY

- Decontextualisation – material prepared in such a way as to minimise risk of commentary being stripped away and material reverted to radicalising purpose.
- Material going onto big screens for advertising – might be fine with context of text, but glanced out of corner of eye can cause issues.
- Risk of becoming desensitised – material set aside when selected, returned to fresh the next day.
- More reactive to casual intolerance – not always the most productive method.

BLENDED LEARNING STUDENT FEEDBACK

- 3) The archive material enhanced my knowledge of the subject
- 4) The archive material made the subject more engaging to me
- 5) The use of archive material enhanced my learning experience
- 6) There was sufficient material available
- 7) I would want to use similar materials in other relevant modules
- 8) Were you aware of the archives existence before using the materials?
- 9) Did you encounter any problems when accessing the source material?

STUDENT LONG-FORM FEEDBACK

- ‘Helped [me] remember the lesson better’
- ‘Looking at the material in person made it more engaging’
- ‘[a] very enjoyable learning experience’
- ‘You get to use the materials of the past’
- ‘Being able to access them both digitally and physically was useful’
- ‘Access to online sources made it easier to complete work outside the classroom’
- ‘These publications have enhanced my academic creativity and I would like to access more digitally’

TEACHING – ENGAGING A MORE DIVERSE AUDIENCE

- Archive professionals of the future will be those who use archives in their education – Historians or otherwise.
- Eastwood, Terry. “A Personal Reflection on the Development of Archival Education” *Education for Information* 33, no. 2 (2017): 75-88. doi: 10.3233/EFI-170990.
- This is important when dealing with Radical Collections which may have deeper resonance with BAME and other diverse student groups.
- Beilin, Ian. “The Academic Research Library’s White Past and Present.” In *Topographies of Whiteness: Mapping Whiteness in Library and Information Science*, edited by Gina Schlesselman-Tarango, 79–98. Sacramento, CA: Library Juice Press, 2017.
- Collection policies and outreach programs are driven by those in the field. Archives are under tremendous pressures, and cataloguing lags years behind.
- *Radical Collections: Re-examining the Roots of Collections, Practices and Information Professions*, edited by Jordan Landes and Richard Espley, London: University of London, 2018.
- Decolonising the curriculum – important to do. But unless sources and content are decolonised as well as subjects, it won’t address some of the issues some wish it to.
