**MULTISENSORY ENVIRONMENTS IN EARLY CHILDHOOD INTERVENTION**

by

IVANA LIŠTIAKOVÁ, ZUZANA FÁBRY LUCKÁ

The poster presents application and specifics of therapy approaches using multisensory environments in early childhood intervention. The authors based their research and practice on the theories of Snoezelen approach and sensory integration theory. The poster gives examples on the usage of ICF-Train Tool of Documentation and Evaluation in work with families with children on the autism spectrum and children with multiple disabilities.
